Thursday 11th May 2006, 2pm – ICT

Thursday 18th May 2006, 10am – Airport

Food & Drink—To be announced

Strategy launched

The City Growth Luton strategy has now been completed and launched. Close to 40 organisations were represented at the launch event at Putteridge Bury on the 30th of March 2006. The strategy and executive summary are available to view and download in the publications section of this site. If you prefer a hard copy or CD, please contact us and we will make these available to you.

The Cluster Action Teams are gearing up for action and the first of the cluster meetings have been scheduled for May. Using the strategy as a starting point, cluster champions will lead the discussion as cluster businesses and organisations decide how the clusters will de-

velop and how best to start to take action to exploit opportunities and address some of the barriers faced by businesses in the local area. We also anticipate that you will take the opportunity to set priorities for action. Please note that the agendas are open to your contribution and we will leave it to yourselves to set the pace and shape the future of your respective clusters.

Please note

As we move into the implementation phase, it is vital that we gain support from as many organisations as possible. May we ask you to please share City Growth and cluster information with your business partners as well as organisations within your supply chains so that we can grow our clusters and maximise the opportunities for collaboration.

If you would like to join a cluster or if you require further information, please complete the feedback form on this site or call 01582 743938/ 077 2514 2837.
